REGENCY LIGHTING

California Energy Commission
DOCKETED
15-BSTD-01
TN # 74847
FEB 26 2015

Docket No. 15-BSTD-01

To Whom it may concern,

Since the on set of the new T24 regulations any and all lighting energy retrofits have come to a halt do to the increased costs associated with the laws.

The measure have not done what they were designed to do which was reduce energy consumption. The new regulations have produced the opposite effect by not making most projects reasonably affordable to the end user.

Needless to say if no jobs are done than no energy is savings takes place which was not the intent.

Please review and adjust these measure so we can continue to serve our customers in a reasonable cost effective manner.

Thank you,

Jeff Spedding
